Environmental Policy

Lion Safety offers a range of protective workwear and footwear. We recognise that our day-to-day activities have an inherent risk to the environment and we are committed to understanding the environmental implications of our operations.

Lion Safety is committed to:

- Sound environmental management by:
 - Identifying and managing our environmental impacts and considering these in decision-making processes.
 - Preventing pollution and protecting the environment.
 - Meeting and exceeding all relevant environmental legal requirements and any other requirements to which we subscribe.
 - Developing objectives which target environmental improvements and regularly monitoring performance.
 - Continually improving our management system to enhance environmental performance.
- Providing for the effective use of resources by:
 - Promoting waste minimisation and reviewing product lifecycles.
 - Efficient use of resources, energy and fuel throughout company operations.
- Co-operating with the communities in which we operate.

In order to achieve these commitments, Lion Safety has developed a management system which meets the requirements of ISO 14001 and has developed a framework for setting and reviewing environmental objectives. Lion Safety will comply with our management system requirements whilst improving its effectiveness.

This policy is communicated to all employees and personnel working on behalf of the company and is available for review by any interested party upon request.

A handwritten signature in black ink, appearing to read "Laurie Lewis", written over a light grey horizontal line.

Laurie Lewis
Managing Director
